Title: In a Restaurant

Last Sunday, after work, Jane and Joe went to a restaurant. However, the restaurant was awful. I will tell you all about it.

Jane and Joe were hungry because it was already lunchtime. They didn't know where to eat so they surfed the Internet. They typed 'Yummy World'. There were three restaurants which are Moon Restaurant, River Restaurant and Queen's Restaurant. Jane asked, 'Which one should we go?' Joe replied, 'I think we should go to Queen's Restaurant since it is the cheapest restaurant.'

Therefore, they went to Queen's Restaurant. It looked very clean, so they found a nice and fancy table and sat down. The table was white. It looked very new. There wasn't even a speck of dirt. They began to discuss what to eat. Joe asked, 'Would you like wonton noodles or spicy chicken curry with rice?' Jane replied, 'I'd like the spicy chicken curry with rice, please.' Therefore, Joe told the waiter, 'We would like two spicy chicken curry with rice, please.'

Ten minutes later, the food had arrived. The food was unhygienic. There was a dead fly on Jane's spicy chicken curry and the spoons had a lot of dirt on it. Therefore, they left the restaurant at once.

At home, they wrote a letter to complain to the restaurant. Soon, the restaurant improved and became very popular.
