Title: Go Shopping

Yesterday, Mom and I went to Happy Shopping Centre. It was a great place to go shopping, you can buy almost everything there! Before we went to the hardware shop, Mom told me that I could buy a toy but I had to use my own money. Suddenly, I saw a toy car in a display case! It had really caught my eye. It was really cheap. I got really excited so then I rushed inside the store. "I'll be back later, I'll meet you here later!" called Mom.

While I was shopping for some more toys, I saw Mom looking at a dress in the display case of ARMANI. It was beautiful! It was ocean blue with a bit of emerald green fade. There was a silk ribbon around the waist. It also had another ribbon pinned onto the chest. Though, it was really expensive! It was 458 dollars! But Mom was determined to buy it. So she rushed inside the store with her Gucci bag filled with money.

After a while, I wondered where Mom went, so I took my bag of toys and went to ARMANI to check if she was still there, but there was not a single trace of her. "She must be at the toy shop waiting for me." I thought. I went back to the toy shop. "Oh, no! Was I too busy focusing on buying toys that she left me?" I asked myself. I walked around the mall but I couldn't find her. I was lost and worried. So I cried..

Eventually, a security guard saw me crying, he took me to the information centre and made an announcement. He called my mom three times but she didn't come. So the security guard sent me to a police station just around the coast. The policemen were tracking where a master criminal was. I told them what happened and we searched for my mom. After an hour of searching, we found her in a dark alley with a tough-looking man, he looked like a criminal. We heard them talk about selling me! The police arrested them immediately. Then, we found out my mom was the master criminal! After that, I got sent to my uncle and he's been talking care of me ever since.

I'm never going back to Happy Shopping Mall.
