Title: Go Shopping

My mum and I went shopping at Happy Shopping Centre yesterday. I saw a shiny blue car at a toy shop. I wanted to buy it since it was cheap and cool. I was very excited.

I asked, "Mum, can I buy that blue car, it was cheap and nice, please?" When I looked at my back, my mum was disappeared! I was shocked. My mum saw a beautiful dress with a ribbon at a boutique. It looked like a dress for a queen.

I was very worried. I tried to walk around the shopping centre to find my mum. I saw a dress shop. I know my mum loves dress, so I walked inside the dress shop.

I saw someone who looks like my mum in the shop wearing a green dress. I looked at that woman again, it was my mum! I was happy that I found mum. I learnt to follow my mum when we go shopping.
